PowerSchool Parent Portal

What is PowerSchool Parent Portal

PowerSchool Parent Portal gives parents and students access to realtime information including attendance, grades and detailed assignment descriptions, school bulletins and even personal messages from the teacher. PowerSchool's Parent Portal provides single sign-on access. With single sign-on access parents create and maintain their account using the appropriate access credentials. Once parents have created their account, they will be able to manage their account information, link any and all students to your account (for whom you have parental or legal rights), and set email and notifications preferences for each student linked to your account. If account sign in information has been forgotten, it can be retrieve by using the auto-recovery feature on the sign-in page.

How to Log In to Parent Portal

Use this procedure to create a new parent account. In order to create an account, you must have the Access ID and Password for at least one student enrolled in school. When creating the account, you will need the Access ID and password for each student you want to associate to your parent account. If you do not have this information or have questions, contact your school.

1. Open your web browser to the NCCS PowerSchool URL; ***newton-conover.powerschool.com/public/home.html***. The Parent Sign-in page appears.
2. Click on Create Account.

The image shows a screenshot of the PowerSchool Parent Sign In and Create an Account page. The page has a white background with a blue header that says "PowerSchool". Below the header, there are two main sections. The first section is titled "Parent Sign In" and contains two input fields: "Username" and "Password". Below these fields is a link that says "Having trouble signing in?". To the right of the "Password" field is a blue button that says "Sign In". The second section is titled "Create an Account" and contains a paragraph of text: "Create a parent account that allows you to view all of your students with one account. You can also manage your account preferences." Below this text is a link that says "Learn more." and a blue button that says "Create Account".

3. Fill in the form shown **below figure 1.1**. **Note: You will choose your own user name and password. Passwords must be at least 6 characters. You may be prompted to select a different user name if the one you choose has already been used.**
4. Enter the student's first name, Access ID & Access Password and your relationship to him/her for each of your students.
5. Repeat Step 4 to add additional students to your account.
6. Click Enter. If successful, you will be directed to the Parent Sign-In screen shown to the **below figure 1.2**. If you receive an error message, you will need to make any corrections it suggests and fill in the passwords again.
