### **SUPERINTENDENT'S REPORT**

Dr. Pérez announced the two new California Distinguished Elementary Schools, Dulles and Escalona. She talked about the incredible transformation at Dulles and the great work that has been happening at Escalona for a long time. She commended the Principals and their staffs for their achievement.

The Superintendent also shared the District's graduation rate has gone up to 94%. She is also very encouraged by the high school principals that are taking proactive measures to ensure their students' success. 110 students took the SAT this past Saturday at Norwalk High School and they also had participated in a seven week SAT preparation class. The partnership with Cerritos College is another effort to close the achievement gap. Cerritos College is taking on the Common Core Standards and is working closely with us on their K-12 Bridge Program, providing resources and funding.

Dr. Pérez reported on the opportunity she had to meet with the Governor of California with several other area Superintendents. Governor Brown was seeking information from school districts on the LCFF funding. He wanted to hear why it is good and how is it working. The Superintendents let Governor Brown know that they don't want LCFF taken away next year; they want some continuity with the LCAP and school funding. They also asked the Governor for another 1.2 Billion next year in Common Core Implementation Funds.

**School Safety Report**

Chief Elaine Williams reported on the Gang Task Force Parent Meeting that was held on April 29<sup>th</sup> at La Mirada High School. Those who attended were very interested in the information presented. Presenters were: Deputy District Attorney, Deputy Probation Officer, Lieutenant from La Mirada, and Special Enforcement Team. Information was provided on what signs and symptoms to look for in their children if there might be an issue, and resources were provided for them to get assistance.

Also that same day, Chief Elaine met with the HR Staff to discuss emergency preparedness and substitute employees. They are working on integrating emergency preparedness into the orientation process. She is also working with Sheriffs' personnel to draft a format for a training series for District Staff for Active Shooter training. LACOE, in conjunction with School Police, is offering an Active Shooter workshop on Tuesday, June 10<sup>th</sup> and this information will be sent out to all Administrators.

**Early August Start Date**

Wayne Shannon, Assistant Superintendent of Human Resources, presented information on the concept project timeline for an early August start date for schools. He showed the results of a survey that was given to parents, teachers, administrators, students, staff, and community members that showed a 46% approval rate for an August start date, 23% did not agree with the change, and 19% did not respond. He went over the benefits for high school students for school starting in August. Mr. Shannon shared that this shift would affect all district departments and much collaboration would be needed. Meetings would be planned for all stakeholders to take place this September and October, and negotiations would need to take place with CSEA and TANLA regarding the change in calendar. A Board Study Session would be scheduled in January 2015 for the Board's direction on the calendar change. The approval of the master calendars for 2015/2016 and 2016/2017 would be placed on a February 2015 meeting agenda. Mr. Shannon answered questions and heard concerns from Board Members regarding: survey results, heat during summer months, athletic schedules, keeping the Cities of La Mirada and Norwalk in the loop, January 2015 Study Session, additional conversations with parents, and possible early confirmation of district calendars. Consensus was reached from the Board Members to move forward with the timeline presented for an early August start date for 2015/2016 or 2016/2017.
