

NONSCHOOL EMPLOYMENT

The Board of Education recognizes that district employees may receive compensation for outside activities as long as these activities are not inconsistent, incompatible, in conflict with or inimical to the employee's duties or to the duties, functions or responsibilities of the district.

Outside paid activities are incompatible with district employment if they require time periods that interfere with the proper, efficient discharge of the employee's duties, if they entail compensation from an outside source for activities which are part of the employee's regular duties, or if they involve using for private gain the district's name, prestige, time, facilities, equipment or supplies.

District employees shall not perform, without prior Board approval, any outside paid service that will be wholly or in part subject to the approval or control of another district employee or a district officer.

Upon determining that an employee's outside job is incompatible with district employment, the Superintendent or designee shall so inform the employee. An employee who continues to pursue an incompatible activity may be subject to disciplinary action. Appeals shall be addressed in accordance with law, Board policy, and administrative regulations.
