2013-14 School Accountability Report Card Published During the 2014-15 School Year

Principal's Message:

Welcome to Academy of the Canyons Middle College High School (AOC), located in the University Center on the Valencia campus of College of the Canyons, Santa Clarita's community college.

Academy of the Canyons Middle College High School (AOC) is a public alternative to the comprehensive high schools in the William S. Hart Union High School District. From its establishment in 2000 to 2009, AOC served grades 11 and 12 with a student population ranging from 175 - 200. In 2009, we merged with the district's Early College High School and expanded to 400 students in grades 9-12. We offer students a unique educational experience that fosters academic and personal success in the high school and college environments.

To ensure successful learning for every student our staff is committed to effective classroom instruction, rigorous curricula, and quality relationships between staff, students, parents, and our college partner. As middle college high school students, our students dual-enroll at AOC and College of the Canyons Community College (COC) to meet educational goals which include high school graduation, college freshmen admission, college transfer, an Associate's Degree, and career certification. On average, students complete one year of transferable college level courses and have the opportunity to earn an Associate's Degree by high school graduation.

AOC and COC have two full-term semesters in the fall and spring. COC holds short-terms during winter and summer. Per COC Board Regulations, grades 9-12 enroll during fall and spring terms; and grades 11th and 12th can enroll during winter and summer. AOC's daily schedule mimics the college's allowing easy access to college classes throughout the day. Classes meet on Mondays/Wednesdays and Tuesdays/Thursdays with Fridays rotating from a MW to TTH schedule. High school classes are either year-long or semester in length. College classes are quarter or semester in length.

Academy of the Canyons received a six year accreditation (2009-2015) from the Western Association of Schools and Colleges WASC). 2014-2015 is a self-study year.

Additionally, Academy of the Canyons is a member of the Santa Clarita Valley Chamber of Commerce, the Middle College National Consortium, and the California Coalition for Early/Middle College High Schools.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (661) 362-3056.

School Facility Conditions and Planned Improvements (Most Recent Year)

Academy of the Canyons is located in the new University Center on the Valencia campus of College of the Canyons. AOC is a self-contained campus with nine classrooms and one computer lab and teacher and administrative offices inside the building. Student restrooms are also located inside the building. AOC has one full time custodian on campus. A student "plaza" area is located immediately in front of our campus and is a designated space in which high school students can gather, eat, study, and have activities. AOC students continue to enjoy the privilege of having access to all of the facilities on the Valencia campus of College of the Canyons.

Each and every campus within the Wm. S Hart High School District is inspected by an on-site facility person on a daily basis. All deficiencies are reported electronically directly to District Maintenance and are corrected in an expeditious manner.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

The AOC Parent Teacher Student Association (PTSA) is very active on our campus. Parent volunteers are active during registration, student processing, textbook distribution, campus beautification, teacher appreciation, senior activities, graduation, and at other events throughout the year. We welcome parents on our campus any time. We value and appreciate our numerous volunteers.

For more information about volunteering at AOC, please contact our principal, Dr. Pete M. Getz, at (661) 362-3056.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

AOC maintains a safe, healthy, nurturing, and orderly school campus. Two campus supervisors are on staff and are responsible for students on the AOC campus as well as on the college campus. The school safety plan is revised annually each spring and a binder containing the plan is located and easily accessible in every classroom. AOC staff reviews the plan at the first staff meeting of the year. Emergency evacuation and safe mode drills are held once each semester. Along with protocol for evacuation and safe mode, the plan includes procedures for crisis and grief-related situations. In the event of a community emergency, AOC works closely with COC, using the state's Standardized Emergency Management System. AOC staff members are participants in the COC disaster recovery teams and AOC participates in all Hart District and COC sponsored disaster drills. The COC Security Division monitors the AOC campus throughout the day. AOC students have access to all safety procedures on the college campus including student escorts to and from the parking lots for evening classes. COC health services are also available to AOC students.

A copy of the school site safety plan is kept on file in the administrative office. Anyone interested in reviewing the safety document may do so at any time.

Professional Development provided for Teachers at Academy of the Canyons

Professional Development for the 13-14 and 14-15 school years focuses on the implementation of the Common Core State Standards. To support teachers in the transition to the core, the concentration is on building foundational understanding of the standards, developing resources, and expanding collaborations between all stakeholders. ELA and math content teams are developing pacing guides and designing rigorous curricular units for the 2014-2015 school year and beyond. Professional Development Coaches are engaged in a deep examination of the Common Core Anchor Standards for Literacy in preparation for supporting all teachers as they teach literacy across the curriculum. These Common Core Anchor standards delineate reading, writing, listening and speaking skills students utilize across curriculum at all grade levels. All teachers participate in site and district level professional development around these key literacy standards as well as strengthen and support core instruction of literacy practices. Teachers are also provided with the mobile technology and support they need to enhance instruction and increase the use of technology in the classroom.

Career Technical Education Programs

One counselor on campus is designated as the Career Technical Education counselor and participates in all high school district and community college district sponsored activities for Career Technical Education. To date, AOC students have participated in the district-sponsored Job Shadow activity. The 10th grade Advisory class has careers as a main focus of the curriculum. It is through this class that students are exposed to the many and varied career pathways available to them. Many of our students also explore career pathways by enrolling in college courses such as Graphic and Multi-Media Design, Welding, Early Childhood Education, Theater and Stagecraft, and Radio, TV and Film.
