

FINANCIAL REPORTS AND ACCOUNTABILITY

The Governing Board is committed to ensuring the fiscal health of the district and providing public accountability. The Board shall adopt sound fiscal policies, oversee the district's financial condition, and ensure that the financial systems support the district's goals for student achievement.

The Superintendent or designee shall provide the Board with financial reports throughout the year in accordance with law and as otherwise requested by the Board.

The Superintendent or designee shall ensure that all financial reports are prepared in accordance with law and in conformity with generally accepted accounting principles and financial reporting standards stipulated by the Governmental Accounting Standards Board and the California Department of Education.

The Board shall regularly communicate the district's financial position to the public and shall use financial reports to determine what actions and budget amendments, if any, are needed to ensure the district's financial stability.

If district conditions predict fiscal distress or indicate that the district might not be able to meet its fiscal obligations, the Board and Superintendent or designee shall act quickly to identify and resolve these conditions. The Board shall work cooperatively with the County Superintendent of Schools to improve the district's fiscal health and may contract with an external individual or organization to advise the district on fiscal matters.
