

READING/LANGUAGE ARTS INSTRUCTION

Professional Development in Reading Instruction in Grades K-3

The Superintendent or designee will provide, to the extent feasible, in-service and professional development in reading instruction for all teachers who provide direct instructional services to students in grades K-12. To the extent feasible, the same training will also be provided to school administrators. This training will address the subject matter specified in Education Code 44757 and shall not cause a reduction in student instructional time.

The professional development provider and the training curriculum will be approved by the State Board of Education.
