

Skyward Family Access Enrollment Form

In our ongoing effort to increase communication between school and home, we offer Skyward Family Access to our families. Skyward is our state-wide student information system, and all Central School District families have free access to the system. With this online ability, guardians will be able to view their child's schedule, daily attendance, state and district test data, teacher's gradebook, report cards, general demographics and emergency information.

We also want to remind everyone this service is located on a secure server and you will have access to only your child's information.

Student Information: (Please Print)

Student Name _____	Grade _____	Date of Birth _____
Student Name _____	Grade _____	Date of Birth _____
Student Name _____	Grade _____	Date of Birth _____
