### **About the SARC**

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/). For additional information about this school, please contact the school administration at (661) 362-3056.

### **Principal's Message**

Welcome to Academy of the Canyons Middle College High School (AOC), located in the University Center on the Valencia campus of College of the Canyons, Santa Clarita's community college. AOC serves approximately 400 9th through 12th grade students who desire a smaller learning environment in a more focused setting. Students attending the academy are enrolled in four high school classes with concurrent enrollment in a minimum of six units of college course work at College of the Canyons (COC), thus earning dual credits for high school graduation requirements and general education college requirements. During their five years at AOC, students have the opportunity to earn between 24 and 60 transferable college units while simultaneously completing high school graduation requirements. AOC students have been known to graduate from high school with their high school diploma in one hand and their associate degree in the other! As AOC is a public school in the William S. Hart Union High School District, both high school classes and college courses are free to students, except for the cost of college textbooks and processing fees at the college. Through rigorous coursework and high student expectations, the academy staff endeavors to produce students who are academically competent, goal oriented, and personally responsible. Our students continue to meet and exceed these expectations as they encounter their Future Today through the Middle College high school experience.

AOC has been awarded the Bronze Medal by US News and World Report in recognition as one in the top ten percent of high schools across the nation, AOC has been awarded a six-year term of accreditation by the Western Association of Schools and Colleges.

Academy of the Canyons is a member of the Santa Clarita Valley Chamber of Commerce, the Middle College National Consortium, and the California Coalition for Early/Middle College High Schools.

Dr. Pete Getz, PRINCIPAL

### **Opportunities for Parental Involvement**

The AOC Parent Teacher Student Association (PTSA) is very active on our campus. The Executive Board is elected. The PTSA works closely with the school principal and also serves on the AOC Advisory Board, which meets once every semester. Parent volunteers are active during registration, student processing, textbook distribution, campus beautification, teacher appreciation, senior activities, graduation, and at other events throughout the year. We welcome parents on our campus any time.

For more information about volunteering at AOC, please contact our principal, Mrs. Jill Shenberger, at (661) 362-3056.

### School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

AOC maintains a safe, healthy, nurturing, and orderly school campus. Two campus supervisors are on staff and are responsible for students on the AOC campus as well as on the college campus. The school safety plan is revised annually each spring and a binder containing the plan is located and easily accessible in every classroom. AOC staff reviews the plan at the first staff meeting of the year. Emergency evacuation and safe mode drills are held once each semester. Along with protocol for evacuation and safe mode, the plan includes procedures for crisis and grief-related situations. In the event of a community emergency, AOC works closely with COC, using the state's Standardized Emergency Management System. AOC staff members are participants in the COC disaster recovery teams and AOC participates in all Hart District and COC sponsored disaster drills. The COC Security Division monitors the AOC campus throughout the day. AOC students have access to all safety procedures on the college campus including student escorts to and from the parking lots for evening classes. COC health services are also available to AOC students.

### School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

**Year and month in which data were collected:** 08/15/2013

Academy of the Canyons is located in the new University Center on the Valencia campus of College of the Canyons. AOC is a self-contained campus with nine classrooms and one computer lab and teacher and administrative offices inside the building. Student restrooms are also located inside the building. AOC has one full time custodian on campus. A student "plaza" area is located immediately in front of our campus and is a designated space in which high school students can gather, eat, study, and have activities. AOC students continue to enjoy the privilege of having access to all of the facilities on the Valencia campus of College of the Canyons.

### Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/)

### Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 01/04/2013

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Restricted	Unrestricted	
School Site	\$4,583	\$117	\$4,466	\$71,435

Percent Difference: School Site/ State			-19.3	-0.2

\* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

\* **Basic/Unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/). For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: [www.ed-data.org](http://www.ed-data.org).

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at [star.cde.ca.gov](http://star.cde.ca.gov).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

Grade Level	Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	12.3	22.2	54.3

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

API Growth by Student Group – Three-Year Comparison			
Group	Actual API Change		
	10-11	11-12	12-13
All Students at the School	12	-4	6
Black or African American			
American Indian or Alaska Native			
Asian			
Filipino			
Hispanic or Latino	24	-13	
Native Hawaiian/Pacific Islander			
White	4	1	3
Two or More Races			
Socioeconomically Disadvantaged			
English Learners			
Students with Disabilities			

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Academic Performance Index Ranks - Three-Year Comparison			
API Rank	2010	2011	2012
Statewide	10	10	10
Similar Schools	10	10	10

### Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

Indicator	School	District
Program Improvement Status		Not In PI

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

AYP Criteria	School	District

## Admission Requirements for California's Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at [www.universityofcalifornia.edu/admissions/](http://www.universityofcalifornia.edu/admissions/). (Outside source)

### California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml). (Outside source)

### Completion of High School Graduation Requirements

This table displays, by student group, the number of students who were a part of the school's most recent graduating class for which CDE has available data and meet all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Completion of High School Graduation Requirements			
Group	Graduating Class of 2013		
	School	District	State
All Students	106	4,298	418,598

Statewide			
Dropout Rate (1-year)	16.60	14.70	13.10
Graduation Rate	80.53	77.14	78.73

\* The National Center for Education Statistics graduation rate as reported in AYP is provided in this table.

### California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at [cahsee.cde.ca.gov/](http://cahsee.cde.ca.gov/).

**Career Technical Education Programs**

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district’s CTE advisory committee and the industries represented on the committee

One counselor on campus is designated as the Career Technical Education counselor and participates in all high school district and community college district sponsored activities for Career Technical Education. To date, AOC students have participated in the district-sponsored Job Shadow activity. The 10th grade Advisory class has careers as a main focus of the curriculum. It is through this class that students are exposed to the many and varied career pathways available to them. Many of our students also explore career pathways by enrolling in college courses such as Graphic and Multi-Media Design, Welding, Early Childhood Education, Theater and Stagecraft, and Radio, TV and Film.
