

COMMUNICATION WITH THE PUBLIC

The Governing Board appreciates the importance of community involvement and therefore shall strive to keep the community informed of developments within the school system in timely and understandable ways.

The Superintendent or designee shall use all available means of communication to keep the public aware of the goals, programs, achievements and needs of our schools. Members of the community shall have opportunities to become involved in the schools and to express their interests and concerns.

The Board recognizes that state law prohibits mass mailings or distribution at public expense which aggrandize elected officers. The name, signature or photograph of an elected district officer may be included in such materials only as permitted by 2 CCR 18901.

In order to promote open communication between Board members and the public, district newsletters and other mass mailings may include a roster of all Board members' names in accordance with law.
