

### **ASSIGNMENT**

In order to serve the best interests of students and the educational program, the Board of Education authorizes the Superintendent or designee to assign certificated personnel to positions for which their preparation, certification, experience, and aptitude qualify them.

Teachers may be assigned to any school within the district in accordance with the collective bargaining agreement.

The Board encourages the assignment of experienced and fully credentialed teachers, including those who have attained National Board for Professional Teaching Standards certification, to schools with the greatest need to improve student achievement.

Teachers shall be assigned to teach core academic subjects in Title I and non-Title I programs in accordance with the requirements of the No Child Left Behind Act pertaining to teacher qualifications.

The Superintendent or designee may assign holders of a credential other than an emergency permit, with their consent, to teach subjects outside their credential authorization in departmentalized classes. The Superintendent or designee shall, with the assistance of subject matter specialists, develop procedures to verify the subject matter knowledge of the teacher before any such assignment is made.

The Superintendent or designee shall periodically report to the Board on any teacher misassignments or vacancies. He/she shall report to the Board the results of the County Superintendent's review of district misassignments and vacancies, and shall provide recommendations for remedying any identified issues.

#### Committee on Assignments

The Superintendent or designee may establish a committee on assignments that may grant approval for the voluntary assignment of full-time teachers to teach one or more elective courses outside their credential authorization in an area for which they have special skills or preparation.
