

**SCHOOL PLANS / SITE COUNCILS**

When required by law or determined to be a useful tool to accomplish district and school goals, school site councils or other school advisory groups shall develop comprehensive school plans designed to enhance student achievement at individual school sites.

The Superintendent or designee shall assure that a single plan for student achievement has been prepared for each school participating in any of the state and/or federal categorical programs listed in Education Code 41506, 41571, or 64000. Whenever feasible, any other school plan may be incorporated into the single plan for student achievement.

The Board shall review and approve each school's single plan for student achievement at a regularly scheduled meeting. The Board also shall review and approve any subsequent revisions that include material changes affecting the academic programs for students participating in these categorical programs. The Board shall certify that, to the extent allowable under federal law, the plan is consistent with district local improvement plans required as a condition of receiving federal funding.
