

SCHOOL CALENDAR

For each district school, the Governing Board shall adopt a school calendar that meets the requirements of law, as well as the needs of the community, students and the work year as negotiated with the district's employee organization(s). As appropriate, the Superintendent or designee shall ensure that the proposed calendar is aligned with assessment and accountability schedules in order to support the district's goals for student achievement.

Each school calendar shall show the beginning and ending school dates, legal and local holidays, staff development days, orientation days, minimum days, vacation periods, and other pertinent dates.

The district shall offer 180 days of instruction per school year, except for any school year in which the district and employee organization(s) agree to have fewer days of instruction pursuant to the authorization in Education Code 46201.2.

Staff development days shall not be counted as instructional days.

Notification of the schedule of minimum days shall be sent to all parents/guardians at the beginning of the school year. If any minimum days are added to the schedule, the Superintendent or designee shall notify parents/guardians of the affected students as soon as possible prior and at least one month before the scheduled minimum day.

If a school will be used as a polling place on an election day, the Board shall determine whether to continue school in session, designate the day for staff training and development, or close the school to students and non-classified staff.
