School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Principal's Message

In accordance with Proposition 98, every school in California is required to issue an annual "Accountability Report Card." We are proud of Mammoth Elementary School and welcome this opportunity to tell you more about us.

At Mammoth Elementary School, we believe each child is unique and deserving of a rich education in all subjects. The hard-working staff is both skilled and dedicated to the success of our students, and we are fortunate to have a staff of experienced and knowledgeable teachers eager to make a difference for our students. Every one of our staff members shows genuine concern about every student, and strives to provide the best possible educational experience for all. Our children receive rigorous, standards-based instruction, and teachers meet frequently to discuss student achievement and the instructional program.

Mammoth Elementary School prides itself on involving our parents and community members in every aspect of our school. We welcome parents and community members on our campus for many different reasons, including educational assemblies, student musical performances, classroom and grade-level activities, monthly PTO Meetings, and other special events. We believe that parents, community members, and staff must work together for the education of all students. We are very proud of our fine tradition at Mammoth Elementary School.

Mission Statement

It is the mission of Mammoth Elementary School to work together with parents and community to educate and motivate all students to achieve their individual academic, physical, emotional, and social potential in a caring, safe environment.

School Profile

Mammoth Unified School District, located in Mono County, educates approximately 1,200 students in Transitional Kindergarten through grade twelve on a traditional calendar system. A Special Education preschool classroom, operated by the Mono County Office of Education is also housed on our campus. There is currently one comprehensive high school, one continuation high school, one middle school, and one elementary school in the district.

Mammoth Elementary School opened its doors in 1986 to grades kindergarten through five. Teachers, staff, and administrators continue to act on the principle that students come first. The educational programs at the school are tailored to meet the needs of a changing school population. In the 2012-13 school year, the school served 589 students.

Mammoth Elementary School is committed to providing a strong instructional program for all students to ensure excellence in education. This excellence can be seen in the staff who play such a vital role in providing a quality educational program.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents and the community are very supportive of the educational program at Mammoth Elementary School. Numerous programs and activities are enriched by the generous contributions made by: the Parent Teacher Organization (PTO), Mono County Office of Education, Rotary Club, Lions Club, and private donations from local residents and businesses.

The school's PTO meets once per month, and is responsible for the following:

- Recruitment of room parents
- After-School Enrichment Programs
- Family Activity Nights
- The annual Husky Pup Fun Run fundraiser
- Instructional materials for teachers
- Library materials
- Scholarships for Mammoth Elementary School students graduating from Mammoth High School
- School assemblies
- Staff Appreciation activities
- Special student activities
- Student awards
- Technology for use by students: iPads and laptop computers and apps
- A variety of fundraisers throughout the school year

Parents are encouraged to become classroom volunteers, which are needed for a variety of clerical and instructional support functions for grades K-5, and can also volunteer for the Meet the Masters classroom art program, which is run through the Mono Council for the Arts.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school’s statewide and similar schools’ API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010	2011	2012
Statewide	4	5	6
Similar Schools	2	3	3

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change		
	2010-11	2011-12	2012-13

English Learners	27	17	-24
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Safety of students and staff is a primary concern of Mammoth Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency drills are conducted on a regular basis. All visitors must sign in at the front office, wear a visitor's badge while on campus, and sign out upon leaving. During lunch, recesses, and before and after school, assigned staff members and paraprofessionals supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment.

In 1998, the Comprehensive Safety Plan was developed by the district in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and dress code guidelines.

Mammoth Elementary School reviews the plan each year and updates it as needed. The plan was last updated and reviewed with school staff in May, 2013. An updated copy of the plan is available to the public at the school and district offices, as well on the MUSD website.

Suspensions and Expulsions

Rate	School			District		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13
Suspensions	1.4	.34	.34	13.02		
Expulsions	0	0	0	0.18		

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

Built in 1985, Mammoth Elementary School is situated on 18 acres. The school buildings span 54,600 square feet, consisting of classrooms, a multipurpose room, a library, restrooms, administrative offices, and storage rooms. The facility strongly supports teaching and learning through its ample classroom and playground space. The chart displays the results of the most recent facilities inspection.

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are cleaned daily. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

School Facility Good Repair Status (School Year 2013-14)

Indicator	2011-12	2012-13	2013-14
Misassignments of Teachers of English Learners	1	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
All Schools in District	100.0	0.0
High-Poverty Schools in District	100.0	0.0
Low-Poverty Schools in District	0.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

VIII. Support Staff

Academic Counselors and Other Support Staff (School Year 2012-13)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	0
Counselor (Social/Behavioral or Career Development)	0	---
Library Media Teacher (Librarian)	0	---
Library Media Services Staff (Paraprofessional)	1	---
Psychologist	.3	---
Social Worker	0	---
Nurse	.04	---
Speech/Language/Hearing Specialist	.3	---
Resource Specialist	1	---
Other	0	---

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September 26, 2013

Mammoth Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. Mammoth Unified School District held a public hearing on September 27, 2012, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment, pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, Visual and Performing Arts, Health, and Foreign Language for use in the classroom and to take home. All textbooks and instructional materials used within the district are aligned with the California State Content Standards and Frameworks. Mammoth Unified School District follows the state board of education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption.

The textbook adoption process begins with the district Curriculum Committee consisting of administrators and teachers. The Committee identifies key elements to consider in the adoption decision-making process, establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the governing board for final adoption. The committee examines each program and selects programs to be piloted. Recommended programs are available at the school sites for teacher and parent preview. The feedback provided by teachers and parents becomes the basis for the recommendations to the board for final adoption. The table displays information collected in December 2012 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Treasures Adopted 2012	Yes	0.0%
Mathematics	Harcourt (HSP Math) Adopted 2008	Yes	0.0%
Science	Scott Foresman California Science Adopted 2009	Yes	0.0%
History-Social Science	Scott Foresman Adopted 2007	Yes	0.0%

X. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/Restricted	Basic/Unrestricted	
School Site	\$6,463	\$2,529	\$3,934	\$66,441
District	---	---	\$8,584	
Percent Difference: School Site and District	---	---	-54.2	2.40%
State	---	---	\$5,537	\$58,606
Percent Difference: School Site and State	---	---	-29.0	13.4

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The district receives federal and state aid for the following categorical, special education, and support programs:

- Class Size Reduction
- Economic Impact Aid
- Gifted and Talented Pupils
- Home-to-School Transportation
- Instructional Materials
- Maintenance and Operations
- Peer Assistance and Review Program
- Special Education
- Title I Program

Teacher and Administrative Salaries (Fiscal Year 2011-12)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary		\$38,390
Mid-Range Teacher Salary		\$55,793
Highest Teacher Salary		\$72,306
Average Principal Salary (Elementary)		\$88,846
Average Principal Salary (Middle)		\$92,801
Average Principal Salary (High)		\$95,916
Superintendent Salary		\$116,026
Percent of Budget for Teacher Salaries	37.5%	34.0%
Percent of Budget for Administrative Salaries	5.4%	6.6%

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

All training and curriculum development at Mammoth Elementary School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels, and are using state-adopted textbooks to deliver instruction. The shift to instruction based on the Common Core State Standards (CCSS) will occur during the 2014-15 school year.

Staff members build teaching skills and concepts through participation in professional development activities at the school site, district sponsored inservices, and training relevant to the instructional materials being used. The district provides one buy-back professional development day annually where teachers have the opportunity for professional articulation with other teachers at the district level, as well as the school level. For the 2013-14 school year, Mammoth Unified School District has contracted with WestEd for professional development on instructional strategies aligned with the CCSS and designed to promote the academic success of all students. Fourteen Early Release Tuesdays offer teachers 75-minute professional development sessions, which are planned by the Leadership Team.

Student assessment data from a variety of sources- benchmark assessments, publisher tests, as well as ongoing reading assessments- is stored online on the OARS system to enable teachers to access this data and make instructional decisions based on the information.
