

ATHLETIC COMPETITION

The Governing Board recognizes that the athletic program constitutes an integral component of the educational program and helps to build a positive school climate. The athletic program also promotes the physical, social, and emotional well-being and character development of participating students. The athletic program shall be designed to meet students' interests and abilities and shall be varied in scope to attract wide participation.

All athletic teams shall be supervised by qualified coaches to ensure that student athletes receive appropriate instruction and guidance related to safety, health, sports skills, and sportsmanship. Athletic events shall be officiated by qualified personnel.

The Board encourages business and community support for district athletic programs, subject to applicable district policies and regulations governing advertisements and donations.

Nondiscrimination and Equivalent Opportunities in the Athletic Program

The district's athletic program shall be free from discrimination and discriminatory practices prohibited by state and federal law. The Superintendent or designee shall ensure that equivalent athletic opportunities are provided for males and females.

Any complaint regarding the district's athletic program shall be filed in accordance with the district's uniform complaint procedures.

California Interscholastic Federation

The Board maintains membership in the California Interscholastic Federation (CIF) and requires that interscholastic athletic activities be conducted in accordance with Board policy, administrative regulations, and CIF bylaws and rules. The Superintendent or designee shall have responsibility for the district interscholastic athletic program, while the principal or designee at each participating school shall be responsible for the site-level decisions, as appropriate.

Upon recommendation of the Superintendent, the Board shall annually designate an employee from each high school to serve as a representative to the local CIF league. Appointees shall represent the district in performing all duties required by the CIF league. In making this selection, the Board shall consider the employee's understanding of the district's goals for student learning and interscholastic and extracurricular activities, knowledge of the athletic programs, awareness of the implications of league decisions for the school and the district, and individual interpersonal communication and leadership skills.

The Superintendent or designee shall ensure that the district representatives to CIF report regularly to the Board on league, section, and statewide issues, as well as activities and prospective actions related to athletic programs.

Student Eligibility

Eligibility requirements for participation in the district's interscholastic athletic program, including requirements pertaining to academic achievement and residency, shall be the same as those set by the district for participation in extracurricular and cocurricular activities.

In addition, the Superintendent or designee shall ensure that students participating in interscholastic athletics governed by CIF satisfy CIF eligibility requirements.

Students shall not be charged a fee to participate in an athletic program.

Sportsmanship

The Board values the quality and integrity of the athletic program and the character development of student athletes. Student athletes, coaches, parents/guardians, spectators, and others are expected to demonstrate good sportsmanship, ethical conduct, and fair play during all athletic competitions. They shall also abide by the core principles of trustworthiness, respect, responsibility, fairness, caring, good citizenship and the Code of Conduct adopted by CIF.

Students and staff may be subject to disciplinary action for improper conduct.

Health and Safety

The Board desires that student health and safety be given the highest consideration in planning and conducting athletic activities.

Students shall have a medical clearance before participating in the interscholastic athletic program. Care shall be taken to ensure that all athletic trainings and competitions are conducted in a manner that will not overtax the physical capabilities of the participants. When appropriate, protective equipment shall be used to prevent or minimize injuries.

Coaches and appropriate district employees shall take every possible precaution to ensure that athletic equipment is kept in safe and serviceable condition. The Superintendent or designee shall ensure that all athletic equipment is cleaned and inspected for safety before the beginning of each school year.

In the event that an injury occurs, the coach or other appropriate district employee shall observe universal precautions and shall remove the student athlete from the activity and/or seek medical treatment for the student as appropriate.
