ATTENDANCE

General Absences

Children cannot learn if they are not in school. California schools no longer receive funding for students who are sick or excused. It is essential that your child attend school whenever possible, for part of a day after or before appointments. However, other attendance requirements still rely on excused and unexcused tallies. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

1. Notwithstanding E.C. 48200, a pupil shall be excused from school when the absence is:
   A. Due to his or her illness.
   B. Due to quarantine under the direction of a county or city health officer.
   C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
   D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
   E. For the purpose of jury duty in the manner provided for by law.
   F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
   G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious services.

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [E.C. 46014, 48205]

Parental consequences for non-attendance

Any parent or guardian who fails to ensure their student’s attendance may be guilty of an infraction and can be punished as follows: $100 for first conviction; $250 for second conviction; $500 for third conviction; Rather than a fine a parent or guardian may be placed in parent education or counseling program; $1,000 for willful violation of a court order directing that student must be enrolled in school or program. [E.C. 48293]

Attendance Options

Many districts accept the transfer of students residing outside the district’s attendance area. It is the intent of the Legislature that the governing board of each district annually review the enrollment options available to pupils within their districts and that the districts strive to make available enrollment options that meet the diverse needs, potential, and interests of California pupils. In school districts of choice, priority can be given to children of military personnel. [E.C. 48306, 48308]

1. Intradistrict Open Enrollment

The Governing Board desires to provide options that meet the diverse needs, potential and interests of district students and shall annually review enrollment options.

Students who reside within district boundaries may apply for enrollment in any district school. The superintendent or designee shall determine the capacity of each district school and establish a random, unbiased selection process for the admission of students from outside a school's attendance area.

The district will not provide transportation outside the school's attendance area. Upon request, the superintendent or designee may authorize transportation for students living outside the attendance area to and from a designated bus stop within the attendance area if space is available. Priority for such transportation shall be based on demonstrated financial need. [E.C. 35160, 53291, 35351, 48980]

Policy Adopted: January 25, 1994

2. Interdistrict Attendance

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. The Board desires to communicate with parents/guardians and students regarding what educational programs and services are available and how district programs and services may be improved. The Governing Board recognizes that current district enrollment corresponds well with district facilities and resources and that the district is capable of serving additional students. Therefore, the superintendent or designee may approve interdistrict attendance agreements which are in the best interests of the student and are consistent with district needs. [E.C. 46600-46611, 46621, 48204, 48209-48209.16, 48915, 48918, 48980, 52317] Policy Adopted: May 12, 1992; Revised: January 25, 1994

Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.
In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [E.C. 58501]

Bike Helmet Law

No person under 18 years of age shall operate a bicycle a non-motorized scooter, or a skateboard or ride as a passenger unless that person is wearing a properly fitted and fastened bicycle helmet that meets specified standards.

Kindergarten and First Grade Physical Exam

State law requires that for each child enrolling in the first grade, the parent must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file with the school district a waiver stating the reasons you are unable to obtain such services. You must understand that your child may be sent home if you fail to provide the certificate or waiver, or if your child is suspected to be suffering from a contagious disease. You may find it convenient to have your child immunized at the same time that the physical examination is conducted. [E.C. 49450; Health and Safety Code 124085, 124100, 124105, 120475]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact Whittier Health Center, 7643 S. Painter Ave., Whittier 90602, (562) 907-3230.

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child’s school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. [E.C. 49452.8]

**Immunizations**

A pupil may not be admitted to school unless he/she has been fully immunized against diphtheria, pertussis (whooping cough), tetanus, poliomyelitis, measles, mumps, and rubella. Students entering kindergarten and the seventh grade are required to have three doses of Hepatitis B vaccine and a second dose of measles containing vaccine. Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. The required immunizations are available from the County Health Department or a physician. Documented proof of immunization is required upon admission. It is the policy of this district that there be no “conditional” admittance to schools; immunizations must be up-to-date before admission to school is granted. This requirement does not apply if a district provided waiver is signed stating that the immunization is contrary to the beliefs of the parent or guardian, or a licensed physician writes a letter indicating the immunizations are inadvisable. If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration. Parents or guardians may refuse to allow the sharing of personal information related to their child’s immunization records by notifying the County Health Department listed in this section.  
[Health and Safety Code Sec. 120335, 120440; E.C. 49403]

2. Parent, guardian or caregiver submits a written statement indicating his/her desire that the school district assist his/her child in taking the medication; and

[E.C. 49480]

❖ Pupil Records

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written request or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the District Office by Jonathan Vasquez. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation AR 5125(a-h) sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for five cents (5¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record.
