

SHOOTING FOR THE STARS

**We are the leaders of tomorrow
making a brighter world
Learning and growing
Matador spirit in every boy and girl
We are family working together, thinking globally
Sharing and caring, making a difference
and every heart believes**

**We are shooting for the stars
Reaching higher and higher
We try with all our hearts
and there's nothing we can't do
Using our gifts to make the world brighter
the light in us shines far
It's part of who we are
C.J. Morris, we shoot for the stars**
