

ANIMALS IN THE SCHOOL WORKPLACE

The Board of Education recognizes that animals can be an effective teaching aid. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

Animals may be brought to school for educational purposes, subject to rules and precautions specified in administrative regulations related to health, safety and sanitation. Teachers shall ensure that these rules and precautions are observed so as to protect both the students and animals.

Seeing-eye dogs and service dogs may accompany students and staff at school as needed. "Service animal" means any guide dog, signal dog, or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.

The district assumes no liability for the safety of animals voluntarily brought to school.
