

**CHILD CARE SERVICES FOR PARENTING STUDENTS****Cal-SAFE Program**

The district shall provide child care and development services on or near the school site for the children of teen parents enrolled in the district's California School Age Families Education (Cal-SAFE) program. Such services shall be available whenever enrolled teen parents are participating in a school-approved activity during or outside the school day.

Participation in the child care and development services shall be voluntary.

No fees shall be assessed for child care and development services provided through the Cal-SAFE program.

Children of teen parents shall be eligible for enrollment from birth to age five years or until they enroll in kindergarten, whichever occurs first, as long as the teen parent is enrolled in the district's Cal-SAFE program. If the teen parent is enrolled in a summer school program or a school program operating more than 180 days, eligibility shall be determined by the parent's hours of enrollment and only for those hours necessary to further the completion of the parent's educational program.

Before a child is enrolled in the program or allowed on the school campus, he/she shall have a health evaluation form signed by a physician or the physician's designee. Health screening and immunizations shall not be required when the child's parent/guardian annually files a written request pursuant to Education Code 49451 or Health and Safety Code 120365.

The Superintendent or designee shall complete an intake procedure regarding each child upon entry into the program, and periodically as needed thereafter, and shall maintain a developmental profile for each child in order to design a program that meets the child's developmental needs.

Child care and development services shall operate pursuant to applicable sections of Education Code 8200-8498, the Child Care and Development Services Act, and shall meet the health and safety requirements of 22 CCR 101151-10123.92 and 101351-101439.1.

The child care site shall be available as a laboratory for parenting or related courses, with priority given to teen parents enrolled in the district's Cal-SAFE program.
