

SUSPENSION AND EXPULSION/DUE PROCESS

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Suspended or expelled students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct.

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion shall be used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to self or others.

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and/or law.

Supervised In-School Suspension Classroom

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee may establish a supervised classroom suspension program which meets the requirements of law for students suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, who pose no imminent danger or threat at school, and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is suspended from class by a teacher because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities, or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in the class from which the student was suspended.

Before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student.

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law.

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee.

The principal or designee shall contact a parent/guardian who does not respond to the request to attend school. The Board recognizes that parent/guardian compliance with

this policy may be delayed, modified, or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation.

Decision Not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.
