

## **WEAPONS AND DANGEROUS INSTRUMENTS**

The Governing Board is committed to taking steps to keep students and staff free from the danger presented by firearms and other weapons.

### **Possession of Weapons**

The Board prohibits any person other than authorized law enforcement from possessing weapons, imitation firearms, or dangerous instruments of any kind in school buildings, on school grounds or buses, or at a school-related or school-sponsored activity away from school, or while going to or coming from school.

Students possessing without permission or threatening others with a weapon, dangerous instrument or imitation firearm are subject to suspension and/or expulsion in accordance with law, Board policy and administrative regulations.

Under the power granted to the Board to maintain order and discipline in the schools and to protect the safety of students, staff and the public, any school employee is authorized to confiscate a weapon, dangerous instrument or imitation firearm from any person on school grounds.

The principal or designee shall notify law enforcement authorities when any student possesses a weapon without permission or commits any act of assault with a firearm or other weapon.

### **Possession of Pepper Spray**

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

### **Reporting of Dangerous Objects**

The Board encourages students to promptly report the presence of weapons, injurious objects or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession.

The strategy shall also provide a method of informing staff, students and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.
